

# Centech, Inc. – Line Card

*Embedded Computing Solutions: RISC (Xscale, ARM9), System on Module, Biscuit SBCs, PC/104 Modules, Half & Full-Sized CPU Cards, Embedded Motherboards, Embedded Software Solutions (CE, XP Embedded, Linux)  
Applied Computing Solutions: Internet Security Platforms, Medical & Healthcare Platforms, Smart Home  
www.advantech.com/ePlatform Networking Platforms, Kiosk Platforms, Panel PCs, 10/20/40 Chassis Solutions*

*Hi-Rel & Custom AC & DC Fans, Blowers, Motors, Environmental Cooling Systems*

*Trimming Potentiometers, Resettable Fuses, Resistor & RC Networks, TVS Diodes & Arrays, Transient Blocking Units, Gas Discharge Tubes, Panel Controls, Encoders, Switches, Modular Contacts, Precision Rotary Pots, Inductors & Transformers, Chip Resistors & Chip Arrays, Telecom Protectors & POTSplitters, Thyristor Surge Suppressors, Line Protection Modules, Automotive & Industrial Sensors & Controls, Thin Film on Silicon Networks, CSP Integrated Passives*

*Integrated Touch Solutions: Resistive, Surface Capacitive, Projected Capacitive, Surface Acoustic Wave, Controllers & Drivers, Membrane Switches, Graphic Overlays.*

*Tactile, Toggle, Rocker, Pushbutton, DIP, Snap-Action, Slide, Rotary, Keylock, Detector & Leaf Switches*

*YIG Oscillators, YIG Filters, YIG Multipliers*

*Aluminum Electrolytic, Polymer Electrolytic, Tantalum, Polymer Tantalum & Plastic Film Capacitors*

*Optoelectronics, LEDs, High Power Lasers, Intelligent Displays, Infrared Products, Optical Sensors*

**Opto Semiconductors**  
*Eastern MO & Southern IL only)*

*8, 16, & 32 Bit Microcontrollers, Gate Arrays, ASICs, SDR/DDR/QDR SRAM, MOSFETs, Custom Cell-Based ICs*

*Color TFT LCD Displays – Super-Fine TFT, Natural Light Transflective, Value-Integrated TFT– for Mobile, Industrial, and Monitor Applications*

*GaAs Microwave Power & MMIC Semiconductors - Lightwave Products*

*Hi-Rel Inductors, Power Inductors & Transformers*

*DC/DC Modules, DC/DC & AC/DC Switching Power Supplies, Distributed & Factorized Power Solutions*
